Sword Art Online Progressive 1 - Light Novel

Synopsis

"There's no way to beat this game. The only difference is when and where you die..."One month has passed since Akihiko Kayaba's deadly game began, and the body count continues to rise. Two thousand players are already dead. Kirito and Asuna are two very different people, but they both desire to fight alone. Nonetheless, they find themselves drawn together to face challenges from both within and without. Given that the entire virtual world they now live in has been created as a deathtrap, the surviving players of Sword Art Online are starting to get desperate, and desperation makes them dangerous to loners like Kirito and Asuna. As it becomes clear that solitude equals suicide, will the two be able to overcome their differences to find the strength to believe in each other, and in so doing survive?Sword Art Online: Progressive is a new version of the Sword Art Online tale that starts at the beginning of Kirito and Asuna's epic adventure--on the very first level of the deadly world of Aincrad!

Reki Kawahara is an award winning author best known for his light novel series, Sword Art Online and Accel World.

I just received my package and I haven't read it yet but I thought Progressive was a manga? I believe the description for this is wrong. I purchased Aincrad thinking it was the light novel and Progressive being the manga but I was wrong.. Either way, I'll read and see the differences between Aincrad and Progressive. Still a happy customer :)

The Progressive of SAO is a great story to follow for those who are fans of Aincraid and the original SAO. There is so much history (not always happy lol) between Asuna and Kirito that its funny and amazing.

One of my son's favorite manga's. I have to preorder all of them so he gets them as soon as they come out.

A Well Detailed , level by level , retelling of the Great Story , Sword Art Online,If u Liked the First Arc of the First Season of SAO , Totally Get this :Dby the way this is told by Asuna's point of view :Dit seems the Author is trying to Get a separated anime adoption for this manga too ! which would be just great !! already Pre-Ordered the 2nd Vol :D

If you like the epic story of Aincrad from Sword Art: Online, this is the book for which you've been waiting! The Progressive line details the story of how Kirito and Asuna conquered the Death Game, level by painstaking level. But their pain is your pleasure, because you'll find plenty more excitement and thrills as your old favorite characters, joined by some new ones, defy Kayuba's epic challenge day by day. Where the original story painted the saga of SAO in broad strokes, this version breaks it down in exquisite detail, and you'll love every page of it! Get it today!

Sword art online is a great introduction novel to the genre known as light novels in japan. In terms of writing style it could be viewed as similar to the young adult novels you might see for sale, however, it is definitely influenced by the story tropes used in anime and manga.

I love this book! This is how SAO should have been told from the start, but i understand the original work was for a contest. I think if he continues the progressive story floor by floor like this it will be one of the greatest anime stories ever told! I hope the progressive series becomes and anime like FMA Brotherhood or Hellsing Ultimate. Great book, looking forward to more!

A big step up for this author and the series as a whole, definetly better than the original sao light novel, though you may need to read book one of the original light novel to fill in a couple of gaps. Definetly worth the buy and is surprisingly long for light novel, no complaints there!
