DK Eyewitness Travel Guide: China

Synopsis

DK Eyewitness Travel Guide: China will lead you straight to the best attractions the country has to offer. This guidebook reveals the magnificence of China's greatest sights, including in-depth coverage of the Forbidden City and terra-cotta soldiers. It provides expert tips for visiting the Great Wall, cruising through the stunning Yangtze Three Gorges, and exploring the ultramodern cities of Shanghai and Hong Kong. Explore China's cultural heritage through richly illustrated features on everything from the Beijing Opera to Confucianism, calligraphy, and the cult of Mao. Discover DK Eyewitness Travel Guide: China. • Detailed itineraries and "don't-miss" destination highlights at a glance. • Illustrated cutaway 3-D drawings of important sights. • Floor plans and guided visitor information for major museums. • Guided walking tours, local drink and dining specialties to try, things to do, and places to eat, drink, and shop by area. • Area maps marked with sights. • Detailed city maps include street finder indexes for easy navigation. • Insights into history and culture to help you understand the stories behind the sights. • Hotel and restaurant listings highlight DK Choice special recommendations. With hundreds of full-color photographs, hand-drawn illustrations, and custom maps that illuminate every page, DK Eyewitness Travel Guide: China truly shows you this country as no one else can. Recommended: For a pocket guidebook to Beijing, check out DK Eyewitness Travel Guide: Top 10 Beijing, which is packed with dozens of top 10 lists, ensuring you make the most of your time in the city. Series Overview: For more than two decades, DK Eyewitness Travel Guides have helped travelers experience the world through the history, art, architecture, and culture of their destinations. Expert travel writers and researchers provide independent editorial advice, recommendations, and reviews. With guidebooks to hundreds of places around the globe available in print and digital formats, DK Eyewitness Travel Guides show travelers how they can discover more. DK Eyewitness Travel Guides: the most maps, photographs, and illustrations of any guide.

Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way."
• Chicago Tribune "The best option | Color photos, maps, and diagrams bring the place to life."
• The Philadelphia Inquirer

i been in china for 31 days. we went to travel 7 each city south and west china.

DK has again produced a fantastic guide - this time for all of China. While it is not definitive, and in know way can be, it covers an amazingly large portion of the country, in good detail, and with DK's signature photographs. I saw many pictures in here of places in China I'd never seen before, and made me want to explore more of the country. I hope they publish a new edition soon though, before the 2008 Beijing Olympics.

My husband and I travelled independently around China for 3 weeks with this book and the Lonely Planet. We found that the beautiful photography helped inspire our choice of destinations, and the maps and illustrations helped us navigate once we were there. We especially liked the axonometric drawings with labels. Although this book includes some practical information about the sites, the Lonely Planet was much more detailed in terms of how to actually get somewhere. I think it would be difficult to travel with only this book for guidance. A few hotels and restaurants are recommended in the back of the book. This information would have been much more useful if the names were also written in Chinese. We often found ourselves in situations where we could not communicate with taxi drivers or hotel concierges, so we relied on pointing to places (with Chinese names) in guidebooks. Having the pinyin names didn't do us much good since our pronunciation and accents were not understandable.

The eyewitness travel series is the book of choice for any travel. And the China version doesn't miss. I traveled to China for vacation 2.5 years ago when I didn't have the Eyewitness guide. I got a good sense of my travels at the time by reading multiple books and asking my guide many questions. However in my trip this year... I had the Eyewitness guide. It not only strengthened my understanding of the many places, events, and culture which I experienced 2.5 years ago... it prepared me to open my eyes to a whole new world when I traveled in 2007. What sets DK apart is that it gives you not only practical information... But provide maps/pictures/illustrations which others cannot present. And this is all that much important for the Western traveler where China is still in the process of fine tuning tourism and how sights are communicated to visitors. I recommend Eyewitness guides not only for any vacation... but especially for travels to China.

The book has a little heft to it (as in weight not dialogue) but the photos and insightful captions make it worth the carrying. It is more an intro guide than a map for an experienced Asian traveler. Much more an introduction and overview of the biggie tourist attractions (w/good pictures and great basic synopsis) than a treasure map to some hole in the wall establishment or practical contact information for reservations. It offers a great addition to any scrapbook. We took it on a group excursion and ended up passing it around to several others who showed great interest in browsing the pages and ultimately lent it to a couple of travelers who spent weeks following this text's advice for their day trips.

The best travel guide for a first time traveler to China. Eyewitness brilliant aerial views make finding one's way easy. This is a have to carry in China.

All you need to know - places, prices, priorities. A gem of a guide. Dense with info. Great.

Much easier to use than some of the other guide books. Comprehensive and well organized.
