Budapest is not a very exciting city. Architecturally, it strives to be similar to Vienna, but is way below it in upkeep and character. It's history has too many bad pages: anti-semitism on state level before and during the war and all the way to our days! Just look at their hypocritical monument to "victims of Fascism" erected despite all the protests of Jewish population! Jews were the only victims and Hungarians killed them way before the Germans came. Hitler was welcome to Hungary? He only came there in 1944 and stayed several months before being kicked out. In those several months a record number of Jews were deported and killed. No other victims. Current government is trying to re-write their shameful barbarian history. The only interesting building is a fairly new Parliament. All the old "palaces" are in awful run down condition. Good food though:-)

Useful tips. Make sure to hit the ruin pubs.

Not useful or insightful. You can get much more useful information by downloading trip advisor information to your phone.

Very disappointed super short, not at all colorful.

Simplistic

Very useful guide to hit the highlights of Budapest in a short amount of time.

Don't buy. It's only like 3 pages book. Maybe 5.

Reads great, 5th star reserved for after I actually use it!
