The Complete Guide To Wine Tasting And Wine Cellars

Synopsis

Presents a glossary of wine tasting terms, hints on organizing wine tastings and recording wine tasting notes, and information on wine color, bouquet, flavor, regional characteristics and how they affect taste. Michael Broadbent became a Master of Wine in 1960 and head of Christie's wine department in 1966. He has been chairman of the Institute of Masters of Wine and international president of the International Food and Wine Society, and he is one of only a handful of Englishmen ever to have been made a Chevalier de l'Ordre National du M+rite by the French government. He lives in London.

He lives in London.

One of the very best books on wine tasting and wine aging. This is not a book to find great wines to drink, or find 95+ point wines. It is pragmatic but deep in what it teaches. I've owned it for decades, just bought this copy to give to a friend. Thought I would enter a note encouraging others to pick up

a copy to read. It is timeless, and if you are serious about wine, you will appreciate it. There are many ways to approach wine to understand. Geography, maps, regions, grapes, terroir are important ... leading to Hugh Johnson and Jancis Robinson. Within this, it is useful to understand what wines age and improve, how wines age, when to drink ... Jancis Robinson and private newsletters. There are also good books on regions, essential for the fervent taster ... burgundy: Coates and Norman, CNDP: Karis. Decades ago I read Broadbent's extensive tasting notes by vintage for great wine regions. Excellent. Learned a lot, helped a lot. The Broadbent book is different. Strongly recommend.

I have gone through about a half dozen books on wine, tasting, and cellaring lately and this is one of the better ones. Well rounded and thorough, it will leave you with a good understanding of the basics and is written well enough to make it enjoyable and interesting to read. Give it a try and then pop the cork on a new wine to celebrate your new knowledge of this interesting hobby.

When you order something, you shouldn't have to worry about when or whether it will arrive and what shape it will be in when it does. My experience with this transaction was impeccable.....timely delivery, pristine product, carefully wrapped. Don't hesitate to deal with these people.

Product looks great and works!! Absolutely love this product. Excellent experience well made and efficient I would definitely recommend purchasing these products. Very simple and useful.
