Great book if your kids are interested in basketball and Stephen Curry! The book has adorable

illustrations and is easy to read for all ages. Will definitely be including it in my classroom next year!

Bought this as a present for the kid I nanny for and he loved it! It tells the story in a simple way of how Steph Curry came to be and helps enforce the lesson that you should never give up even when the odds seem against you.

This book is cute, but not worth the money. The way it's written is sort of weird, but my son loves it and makes me read it all the time. His dad and him are huge Warriors fans.

If you have a "baller" on your hands who dreams of playing in the NBA - this book is cute :) And very inspirational!

This book is so cute. It tells you about Stephen but also teaches why grit and determination are important.

It's a good book, specially for young Golden State Warrior fans.

I got this for my grandson who is a big Curry fan. He loves it.

Nice story....written more for a younger child.
