## Customer Reviews

Incredible reference of the notes issued from the state of Michigan. The volume is also numbered and autographed by Dr. Wallace Lee. Filled with hundreds of pictures and interesting/pertinent history of the times. A must for any obsolete and National Currency collector. It's simply a volume to behold.

Every library in Michigan should own a copy. Get two copies of the book and donate one to your local library. Check to make sure it is OK to do so first. Future generations should know that we didn't have a national currency until the Civil War. The book is a very handy reference for any obsolete banknote buying on line or at a local coin or paper money show. According to my copy

there are only 1000 copies available and the book has been on sale since 2006. Delay means not ever getting the book again. Who can argue with a reference work this size for less than \$40?

very happy with the purchase, thank you very much, my husband was very pleased with the book it was every thing he was looking for.
