Cheryl Wall presents a year's worth of charming designs selected from her best-selling books *Country Comforts* and *At Home with Country Quilts*. Get a fresh take on country!

Cheryl Wall has been designing quilts and publishing patterns since 2003, under the name "Country Quilts." She loves every part of the process, from the moment the spark of an idea is born, to drawing the design, choosing fabrics, and watching the quilt take shape. She especially loves watching a quilt take on a life of its own during the process, turning out quite differently from what she originally envisioned. Cheryl's favorite style of quilting is primitive, in which small imperfections add to the quilt's charm and reveal that it was made with human hands. Cheryl has self-published more than 100 patterns, and several of her designs have been published in national and international magazines. Her first book, *Country Quilts*, quickly became a best seller. When she isn't designing and making quilts, Cheryl loves to create and seek out primitive treasures for her home. Traveling, antiquing, and spending time with family and friends are her other favorite pastimes.

Cheryl and her husband, Ben, live in Abbotsford, British Columbia, Canada, in a house overflowing with quilts and crafts. Their two grown children, Charissa and Geoffrey, also live nearby. Cheryl is very thankful for her family and friends and that she is able to spend her days doing what she loves.

I buy a quilt calendar for my mother every year, but the last few didn't have very great pictures. At Home with Country Quilts has beautiful pictures featuring unique quilt designs. I think my mother is going to love the calendar.

I do like the calendar but thought that I would be getting the patterns with the calendar like I do with other quilt calendars I purchase. I like the quilts so much that I did purchase the two books that have the patterns contained in this calendar. Definitely for people who like country quilts.

I love this calendar. The pictures are beautiful and inspiring. I want to make every quilt! Each page has just the right amount of graphics on them. I hope another one will be available next year.

I loved this
