# Speak Texan In 30 Minutes Or Less

## Synopsis

This perfect stocking stuffer is a parody of Berlitz phrasebooks. Veteran Lone Star journalist Lou Hudson has spilled the beans on how best to wrap one's tongue around Texaspeak so that even recovering Yankees can make their way in this whole other country. Finally there's hope for that brother-in-law from Hoboken and your banker from Duluth. Folks like them will be able to make themselves understood to Texans without having to revert to notepads and hand gestures. *Speak Texan* not only is a pronunciation guide but also a handy work that provides numerous insights into Lone Star lingo and the thinking that goes behind it in a very entertaining format. It's designed to fit in the rear pocket of your Wranglers for a quick point of reference. Hudson was born, weaned, and schooled in Texas and has never lived anywhere else. The rest of the book is pure de Texas too. Designer Ty Walls also is a lifelong Texan. The whole deal was conceived in Fort Worth. Can't get more Texan than that, surely. *Speak Texan* is the first work of the aggressive, but nearly mythical Texas Twang Preservation Society. Its conception was motivated by the need to conserve, promote and document the lingua franca of this unique state of mind, endangered as it is by Hollywood mis-elocution and by for-profit, accent-reduction scams.

Lou Hudson is a fourth generation Texan whose Lone Star roots trace back to the 1850s. The Fort Worth native attended the University of Texas at Arlington when it was still Arlington State College. Forced to become a print journalist because Yankees could not understand his speech, he spent 35 years reporting and editing at the Fort Worth Star-Telegram.

This little book will make you Laugh Out Loud ! We Texans kind of get used to way we talk down here, but when you see our 'language' and our sayings actually written down, you just burst out laughing at how charming and delightful it is to "Speak Texan!" An absolute must buy for any Southerner or Wannabe Southerner !

I bought a bunch of these for my welcome to Texas bags for my out of town wedding guests. They all laughed and got a kick out of it!

Got this for a friend in England. He already has "yall" down and we'll have him speaking proper English in no time.

I'm writing a book set in Texas so this was a very useful guide. Even though I've lived in Texas over 45 years there were a few, a very few, things I didn't know.

being a 76 yr. old redneck Texan, I enjoyed reading it. he did a good job of sounding like ME. I gave them to friends

Very cute. Very small book.

Fun gift. Stocking stuffer.

cool book
