Customer Reviews

Very cute book for a little girl. This was the first chapter book my daughter read and she was so proud! She is hooked on this series now!

Good grief I'm sick of reading these to my kid. He loves them, but they are soooo formulaic.

Granddaughter loves the Fairy Books.

Ordered this as a present for a 7 year old who loves to read. She was super excited to get this.

My granddaughter enjoy the book.

My granddaughter spent the weekend with me and forgot her books, I didn't have any new ones for her to read, so she told me her favorite author. So glad to find these for her! She loves these books and finished this one in no time!

This is a very appealing story for 9-year girls; part of a great series for any little girl who loves fairies.

I recommend this book because it is good to learn to read chapter books. It is fun and cool to read. You can learn about the fairies and it is funny. They talk about adventures. It is awesome! ~Sammie L.
