Concrete Crafts: Simple Projects From Jewelry To Place Settings, Birdbaths To Umbrella Stands

Synopsis

Pouring concrete doesn't have to be left to the professionals; decorate your home with concrete poured, mixed, and molded by your own two hands! Versatile, inexpensive, and easily casted, concrete is the perfect medium for crafters, tinkerers, and home improvers. Now, lifelong crafters and interior designers Susanna Zacke and Sania Hedengren reveal more than thirty of their favorite, no-fuss casting projects. Decorate your kitchen table or outdoor patio with: Rhubarb leaf fruit bowls; Clustered candleholders; Birdbaths; Patterned pots; Flower vases; Angel figurines; And much more! Once you get started, you won't want to stop making trinkets and ornate arrangements for friends, family, and each room in your house. Plus, crafting with concrete is a great way to get outside and enjoy a beautiful, sunny day. Featuring step-by-step photos, easy-to-follow directions, and Susanna and Sania's expert tips, *Concrete, the Perfect Hobby* is the ultimate new guide to outdoor crafting. Pour out your creativity and discover the beautiful, practical items you can cast!

Excellent ideasNew ideasLots of stuff to knowSimple projects, elegant, easy, for garden and house.
Useful tipsRecomended

I liked the way the author's wrote about creating with concrete, but there wasn't much that I hadn't already seen and created myself.I would highly suggest this to the true beginner.

Nice book; full of fun ideas and good instructions. Also gives basic concrete information. This book is one of several I purchased to start crafting with concrete.

What fun and amazingly easy to do garden projects. Beautiful pictures, easy to follow instructions throughout the book. Great details to show you tips and tricks. Very happy and excited to have this book.

I have this book and this one

http://www..com/Concrete-Garden-Projects-Inexpensive-Containers/dp/1604692820/ref=tmm_pap_title_0.Both are full of cute ideas, but I personally liked this one better due to the small project ideas.

I haven't made anything out of this book yet, but love making other concrete items. Great ideas in bookCan't wait to get started this spring.

I wanted a book which gave directions for small concrete projects for the garden. I can't wait to try the concrete topped potters bench. Will update when I try the recipe (when the punishing weather ends in the NE region).

the book although pretty was basic, the projects not very creative - disappointing purchase
