Loretta Lynn: Coal Miner's Daughter

Synopsis

Loretta Lynns classic memoir tells the story of her early life in Butcher Holler, Kentucky, and her amazing rise to the top of the music industry. Born into deep poverty, married at thirteen, mother of six, and a grandmother by the time she was twenty-nine, Loretta Lynn went on to become one of the most prolific and influential songwriters and singers in modern country music. Here we see the determination and talent that led to her trailblazing career and made her the first woman to be named Entertainer of the Year by the Country Music Association and the first woman to receive a gold record in country music.

Customer Reviews

I just love Loretta Lynn. Honestly, I never listened to much of her music. Heard it on the radio from time to time, but in my youth, rock 'n roll was what I listened to. I loved the movie Coal Miner's Daughter. I saw her on a show with the medium Kim Russo a couple years ago. She was checking out her haunted house and I just fell in love with Loretta Lynn. There's something about her that is indescribably appealing. This book is just wonderful. It's written in the colloquial voice and it works. It's like she's sitting across from you telling you her life story, and what a story it is. She is an amazing person. This is simply a great memoir, whether you are into her music or not.

Everybody who saw the movie and wondered how the little girl who read movie magazines while waiting for her husband to come home became a busy mother of four, seemingly overnight, should

read this book to find out what was missing from the movie. We know Loretta can write song lyrics. But that's not all she can write. Hint: this girl is a writer. Read this book. I wanted to read the new one, STILL WOMAN ENOUGH, but it's not available on Kindle yet.

Loretta is very candid, down to earth and doesn't pretend to be someone she is not. Some things I knew, some I didn't, but was wishing it was longer, cuz I never get enough Loretta. Looking forward to meeting her one day!

Told like Orly Loretta can. You can hear her voice as you read Very entertaining lots of history. Lots or real life

I have read Loretta's bio many times, saw the movie many times, but after having the chance to visit her birthplace in Butcher Holler, Kentucky and being taken on a personal tour of the cabin she was born in by her brother Herman, I decided to purchase this book and read it again. The main thing that stands out to me about this book is the complete fearless honesty of the writer. Sometimes the truth is hard to take but Ms. Lynn put's it out there for what it is. Still to this day, I have never read a bio that was this fearless with the truth. I have nothing but total admiration for this lady and think that even if you are not a fan of Loretta's music, this is just an amazing read of a young girl growing up too quick, hard times with a seemingly difficult marriage , Appalachia culture, and the early years of country music. Painfully honest at times, a fascinating read.

Love Loretta Lynn and I'm proud to own this book!!!

good read
