Customer Reviews

as described, wishing I could print parts.

Great book. Great recipes. Glad I added it to my collection. :)

Good ideas but the e-book was poorly written w/many of the pages cut off and therefore many of the recipes were cut off. I would not get another one of the author's ebooks . Glad it was free!

Good book with detailed explanation. Would recommend it to all soap enthusiasts. Keep up the good work. Thanks for the same

Good all around book for making your own at home. Reminded me of lots of ideas! Have fun with shampoo!
