The 72 Names Of God: The 72 Keys To Transformation (Sacred Names Book 1)

Synopsis

It is said that there are 4 approaches and levels to biblical understanding and study. 1. The Surface and Literal meaning of the words themselves. 2. Hints of a deeper meaning beyond the surface words. 3. A Deeper inquiry. 4. Secret and esoteric meaning. Each level of biblical exegesis transcends but includes the former and will never contradict the other. In this book we will delve into the deep end of the water, the secret and esoteric meaning. We will unlock the secrets of the Hebrew bible. More specifically, 3 verses from the book of Exodus. "19 Then the angel of God who was going before the host of Israel moved and went behind them, and the pillar of cloud moved from before them and stood behind them, 20 coming between the host of Egypt and the host of Israel. And there was the cloud and the darkness. And it lit up the night[a] without one coming near the other all night. 21 Then Moses stretched out his hand over the sea, and the LORD drove the sea back by a strong east wind all night and made the sea dry land, and the waters were divided." Exodus 14:19-21. Within this text hides something profound and hidden. Within this text lies the keys to spiritual and material transformation. Within this text resides the secret of secrets. Within the text hides the 72 names of God. Today, My friend, you will learn them and you will be transformed.

Customer Reviews

Helped me to shift time, bend reality and laid before me a better path.

I don't think it's possible to go wrong with baal Kadmons books if you want to have a real experience of magic. He makes it easy. Yes magic works and if you don't believe me read Baal Kadmons books and Damon Brands books and then follow the instructions and do some real magick!

I do some of the prayers and it has become very helpful. I am so glad I was introduced to Kabbalah and now I can expand more of my knowledge and wisdom

It's basically a brief explanation of the source of the 72 fold name of G-d, or shem ha-meforesh, comprised of 72 three letter root names derived from the Torah. The practical and applied methodology of the book is based on simple visualizations of one or another of the three letter names acting upon your person or a given life situation. This much is good, and also bypasses the problem that some goals, needs, and desires are not readily turned into visual images....here, the choice of which three letter name of G-d is called upon and imagined operating upon one's life serves also to define what is to happen. So abstract goals can be represented concretely by imagining the name itself, in Hebrew letters, taking action to fulfill the prayer. My objection, and it is big enough that I almost gave the book 3 stars, is that the author gives no indication as to how he decided which names are suited to which prayers and goals. The categories given, while reasonable in themselves, are quite modern in their psychology, and do not resemble the sort found in antiquity. Are they based on the astrological attributions of the names? Not that I have discerned. Is it somehow based on the meaning and lore surrounding each letter of the Hebrew Alef-beit? Maybe, that certainly would leave room for a wide range of interpretive and inventive applications. The author is, thankfully, non-dogmatic and if a reader familiar with the Shem ha-Meforesh (often rendered Schemhamphorasch among gentiles) and its traditions wanted to adapt the methods here to their own associations with the 72 root names, it can be done readily. If the reader has no previous knowledge of the seventy-two fold name, or if he or she simply wishes to trust the author's experience and use his suggested applications, there would come no harm. Each name still refers to the ultimate ground of being in whom we live and move and have our being, so

you can't really go wrong.

good reading

It met my expectation. I gave the book a 4 star

Very factual exposition!

Great book. Interesting read
