Triumph Books is a leader in quality and innovation in sports publishing and also publishes pop culture and current events books. They are based in Chicago.

My 10 year old totally loves. If it gets him to stop and read a real book with paper pages without being told, I'm all for it.

This guide was written for players who are new to Pokemon and/or Pokemon GO! First off, the book is pretty detailed and 144 pages long. It is a 5"x 8" book, so it's more of a pocket guide. It's in full color, with lots of images. If I had to guess, I'd guess there are about 300 images and photos in the book. It definitely is not cheesy. The introduction has a short history of Pokemon and Niantic. The

authors then walk you through all menus and screens - explaining what each does. There are tips on how to use Lucky Eggs, Lures, Razz Berries, Manage your Inventory, etc. There are strategies for evolving Pokemon and Attacking Gyms. There's a simple combat chart inside to help newer players understand "Type" strengths and weaknesses in gym battles. The last 50 pages of the book contain a simple Pokedex. The Pokedex has images of all 151 Pokemon, and lists their types, evolutions and a Pokemon battle ranking from 1-5. This is great for newer players and kids. I have picked up a lot of Pojo's Books and Magazines over the last 15-20 years. They are always dependable and good quality. If you are above level 20, you probably won't learn too much here to help you, but it might still be a fun collectible for you.

a great read that has lots of tips and tricks, knowledge that even I didn't know should be a big help to playing thanks! Pokemon hysteria has hit the streets!
