This item doesn't really need any explanation. Perhaps not everyone likes reading this for fun as I do but it should be handy as a reference and, as advertised, has the Latin on one side so that you can double check the translation.

Arrived on time and as expected. I would recommend the hardcover if you plan on using it multiple times or having it on your shelf for a long time.

This was another gift for a priest.

It is very helpful in defining and making definitions clear. It goes with the CCC very well, I recommend it to teachers and ministers in the Catholic Church as well as those outside the Church that really want to know what we teach and not just listen to rumors.

Wonderful book and excellent transaction!

This is an excellent reference for those who work for the Church tribunal, especially for Auditors for Decrees of Nullity.

I purchase this used from an seller at a fantastic price. There are absolutely no signs of any previous use. I am not capable of assessing the accuracy of the translation. The text is well laid out and easy to read. It is well bound in a sturdy hard cover. There is a 95 page index and a 21 page Table of Corresponding Canons. It is certainly adequate for this layman catechist's needs.

Great book!!
