THEODOR SEUSS GEISEL—aka Dr. Seuss—is one of the most beloved children's book authors of all time. From The Cat in the Hat to Oh, the Places You'll Go!, his iconic characters, stories, and art style have been a lasting influence on generations of children and adults. The books he wrote and illustrated under the name Dr. Seuss (and others that he wrote but did not illustrate, including some under the pseudonyms Theo. LeSieg and Rosetta Stone) have been translated into thirty languages. Hundreds of millions of copies have found their way into homes and hearts around the world. Dr. Seuss's long list of awards includes Caldecott Honors for McElligot's Pool, If I Ran the Zoo, and Bartholomew and the Oobleck, the Pulitzer Prize, and eight honorary doctorates. Works based on his original stories have won three Oscars, three Emmys, three Grammys, and a Peabody. From the Hardcover edition.

I read all the reviews before purchasing and some said they were disappointed with the fact the book was missing pieces of the story. Honestly for a baby/toddler it is perfect. Get the full version when they get old but in the meantime it's a great buy. These books are excellent few words and plenty pictures for babies and toddlers. Hard cover makes it easy for them to turn, very cute and small to carry any and everywhere.

I am so happy to see these come in small, board books. My grandson is just now 1. His mommy and daddy are both teachers and read to him a lot. I loved the Dr. Seuss books for my son when he was young. These are a great size, and sturdy enough for small hands to flip through.

Very nice set, includes good stories, but much smaller in person than we thought. We have several similar sets with little square books inside, and this one is by far smaller than any of them.

Great buy! The books are sturdy, colorful and fun to read. My 1.5 year old loves the little lunch box carrying out almost as much as the books. Spends so much time getting the books in and out and proudly carrying it around the house. It's a cute case small enough I can toss in my diaper bag on our way out the door and he has 4 books and little cardboard box to entertain himself with.

Great books. My 1 year old granddaughter loves them. Just the right size for her.

Bought these books for baby niece and they are perfect since they are made with a hard, thick cardboard it survives baby hands. Plus it has the classic dr.seuss books so I love it and so does my sweet niece

I gave this to my great-grand daughter for her birthday. She is three and is never without a book close by. This is so easy for her to take when she leaves the house. She looks at her books all the time when traveling. I like it because I don't have to carry multi stacks of books, because she is not happy unless she has several with her.

Such sweet little (like the size of your hand) books! The Easter bunny brought these to Baby Girl and she LOVES them! They are a great price too! I will definitely be buying more as baby gifts!
