High quality printed book of etudes, a must-have for a horn-player's library Book is clearly printed and will last a lifetime if treated well.

Excellent advanced etudes for horn. I'm an enthusiastic amateur with musical training and think any advanced high school or college student would find these great technique builders.

This book was what I wanted and more. I would highly recommend this book. I would recommend this book to people who are looking for very challenging music.

Soooo hard.

My daughter loves it!

I sat in my living room one day thinking that I would love to hear animal suffering coming from one of

the upstairs bedrooms. Alas, only quiet emanated from the rooms. After purchasing this book, my daughter regales us with the sound of bovine dentistry. Other times, we hear orcas suffering at the loss of their pet hermit crab. Last night, I heard blue whales singing with glee. It was exactly what I wanted.
