Kavvan (The Azziarin Series Book 7)

Synopsis

Kavvan is Book 7 in the Azziarin Series but can be read as a standalone. ****The first edition contained a suicide scene, but when I realized how it affected some of my readers, I deleted the scene. Everything else is the same.**** AmandaMy life was less than perfect. I had a father who abandoned me, a mother who never wanted me, and a best friend who saved my life. I would do anything for her. And I did. When aliens captured her, I tried to rescue her. It didn't work. I was abandoned again, this time on an alien planet. I couldn't talk to anyone, couldn't show my face. With nowhere to go, I gave up. At least until I came face to face with another human. Kavvan King Mallik ordered me, as commander of the Victory, to investigate rumors of a black market. More specifically, human females sold on the black market. We rescued a violent, foul-mouthed female from auction. She keeps yelling something, "Mandy! Nikkul, my second in command, is missing. Someone has triggered my mating fever, and I'm losing my mind. I need to claim my mate. But she is damaged. Content warning: For readers 18+. Contains sexual situations, violence, and sensitive subjects. It also contains action, adventure, love, and humor.

Customer Reviews

Loved this book. The established friendship between Amanda and Susan is so great. It makes the characters that much more developed. It also gave you an interesting insight into a the Susan character that will hopefully be seen in another book. There are sad parts to this book, and it does deal with some harsh realities of the world for a child raised or abandoned by horrible parents. If you have issues with abuse, or suicide I would recommend you look somewhere else though. Hannah Davenport didn't use these topics lightly, I truly think it was essential to Amanda's approach to life and the bond that Amanda and Susan share. I also think Hannah needed to establish that not every couple would truly have that perfect happy ending because of the cultural differences between humans and Azziaran races. If you have read the previous books, this one is also a great edition to the series. If you haven't, I would recommend reading the first 6 books then adding this one.**I did get an advanced copy to read**

I was really very upset about the direction a character. That is not the answer to a problem. Ever. It really disturbed me how little we were able to see of Nikkul's reaction. Kavvan is good. I like him. I like Amanda. She came out of a very hard life and was happy. I enjoyed her strength and loyalty. Susan needs a firey mate! Maybe the king?m

I enjoyed the way you handled Amanda's past and showed how strong a person she became along with her friend Susan. Giving her a strong loving male was great! These ladies have all gotten stronger and their bonds are making the humans there stronger. Can't wait to read the next book! When a new one comes out, I re-read them all.

I enjoyed the book as I have all of them. It was a little willy nilly and some things could have been more thoroughly written about. Very sad with the suicide and It was very glossed over. The humans should have sat down with her and stayed with her, some knew of her past so it should have been their clue. Only took a few hours to read so a quick book.

I like this series but I'm not a fan of a man deciding on the 2 women. I know that nothing happened between Susan and kavaan.... and that the other guy had a consort then the mate...then add in a suicide.... was a little too dark for me. I sure as heck wouldn't want the consort at the mates funeral!!

The twist at the end and how Jane reacted was unexpected, true mates usually win over everything;

but not this time. Lots of openings left....what will happen to Alan, Susan and Clara next.

I really enjoyed this series. The twist at the end left me sad but thoughtful. What a suspenseful story. Full of twists and turns.

I have enjoyed the other books of this series. Each book keeps getting better and better. Looking forward to many more.
