Piper Green And The Fairy Tree: Going Places

Synopsis

Move over, Junie B. Jones! Piper Green is back in her fourth chapter-book adventure, and it could take her all the way to China. Suitcase? Check. Passport? Check. Magic X-ray vision glasses from the Fairy Tree? Check, check, check! **“Piper Green’s class is taking a school trip to China—well, they’re taking a ‘pretend’ trip, on a ‘pretend’ airplane. And when all the kids in the class announce they’ve been on a plane plenty of times, Piper says she has, too. After all, it’s just a pretend trip, right? But when Piper gets chosen to be a flight attendant, her little fib suddenly feels like a very big problem. Could the X-ray vision glasses Piper found in the Fairy Tree help her out?”** **“Following in the fine tradition of spunky girls—Ramona, Amber Brown, Judy Moody, Clementine—Piper Green is set to make some friends in the early chapter book world.”** **“School Library Journal’s 100 Scope Notes”** **“Piper has a winning combination of stubbornness, loyalty, and independence.”** **“Publishers Weekly, starred review**

So glad there is another Piper story. My Grand daughter is loving this series. Piper is a very confident and funny girl with a little bit of telling it like it is without being overly rude

Love, love, love these books! My daughter (8) and I read them together and they are so funny!
