Sardinia (DK Eyewitness Travel Guide)

Synopsis

Sardinia, one of the great prizes of the Mediterranean, was fought over by the Phoenicians, Romans, Arabs, Spanish and Austrians before ending up as part of the unified Italy. It bears traces of all these cultures - plus thousands of prehistoric stone dwellings called nuraghi. These days it is equally popular with the jet set and with rock climbers, sailors and wind-surfers. With so much going on, you need a detailed guide, and the "Eyewitness Travel Guide" provides everything you could wish for, from hotel and restaurant recommendations to detailed maps and tips on the best local cheeses. You'll find cutaways and floor-plans of all the major sights, walks, scenic routes and thematic tours. Whether you wish to explore the beautiful old quarter at Alghero or soak-up some sun on the fashionable beaches of Costa Smeralda, this updated and expanded edition is indispensable.

You'll find cutaways and floor-plans of all the major sights, walks, scenic routes and thematic tours. Whether you wish to explore the beautiful old quarter at Alghero or soak-up some

sun on the fashionable beaches of Costa Smeralda, this updated and expanded edition is indispensable.

Very helpful in determining what areas of the island we wanted to see and/or stay at. We are planning a trip for later this year and will definately take the book along - tons of helpful information. Would have liked to see a map that shows the location of the hotels listed in the reference section.

The book is very informative, has great pictures and is quite complete. However, once you read it all, marked it all, it is hard to put it all together, because the only complete map of the island is very small and does not have the detail. Going back and forth from one regional map to the other is complicated and confusing.
