including hotels and other accommodation, embassies and consulates, shopping and business centres, cultural institutions, etc. Map legend and all the information is in English. Authentic, updated and reliable Bulgarian cartography.

This Sofia map is very large and tricky to fold. It's more for a resident and very difficult to reference while walking. The back side presents the downtown area which may suffice for tourists. I only found it useful when studying it in my hotel room before embarking. It would be very useful for someone planning a lengthy stay, since it lists extraordinary details, such as embassies, hospitals, pharmacies, hotels, etc.
