just a pamphlet in many languages . The cards are poorly illustrated.

i was referred to get this deck and was told there would be guidance with them but there is nothing but a picture of the rune itself

I personally do not feel this deck of 24 cards with mediocre art (at best) offers or contributes anything of value for those who use Runes. As a result, they are waste of money. At the very least,

making a deck of 33 runes would have been interesting.

Love these cards

I gave to my husband who is very particular about art and Runes. He loves them. He had another set but he likes these better. Great artwork.

Very pretty.

It complied fully with my expectations! Good quality. The interpretation booklet helps understand what the runes are telling you. I Fully recommend.

The artwork is stunning! The imagery is captivating the guidebook is easy to read and understand, this will be definitely used in my readings with my clients and YES I recommend everyone purchase this deck!
