Taxes: For Small Businesses QuickStart Guide - Understanding Taxes For Your Sole Proprietorship, Startup, & LLC

Synopsis

Taxes For Small Businesses, Simplified| #1 BEST SELLER FOR SMALL BUSINESS TAXES | Did you know: the typical small business owner works three to four months just to earn enough profit to pay taxes? Whether you've been in business for several decades or are breaking ground as a new entrepreneur, taxes are a significant expenditure. They must be accounted for and incorporated into your business plan from the very beginning. Failing to account for taxes when planning, budgeting, and assessing revenue goals for a business is like failing to account for the expense of your rent or mortgage; it's an absurdly hefty expenditure that must be understood, tracked, and, whenever possible, paid for on time. With Taxes for Small Businesses QuickStart Guide, you will come to understand taxes from the inside out. This book has been specifically designed with ease of learning in mind to ensure you don't get stuck, lost, or lose hope when trying to understand small business taxes. Never again will you need to waste your time searching the internet or watching videos. Become a small business tax expert who fully grasps the ins and outs of taxes for all types of small business. This knowledge will help you not only in your current business creation but all other future business endeavors. You'll Learn...How Your Business Entity-Type Affects How You're TaxedHow To Capitalize on the Shockingly Humane Tendencies of the IRSHow To Exercise Your Rights And Survive An IRS AuditHow Multiple Levels of Government Authorities Can Tax Your BusinessHow To Convert Your Administrative Tax Burden Into Real Business ValueHow To Best Manage Your Business's Payroll TaxesHow To Spot, Claim and Maximize Your Tax DeductionsOur Personal Guarantee We are so confident that methods outlined in this book will help you understand taxes for small businesses that we're willing to let you try the book risk-free for 30 days. Customer Reviews

This book is ok for first starters in business owners. A lot of good information on what you can deduct and what you can not deduct. I have learned a lot. I recommend this book for some one that's starting a new business for a brief description on starting your business with tax information.

A good read on small business taxes written in a style which is accessible to the intended audience. I found it useful and worth the money I spent on it

I like the book in its concise manner of presenting a good solid overview of what is involved. Seems to hit the really needed basis of what needs to be done to start unmystifying the tax world.

This book was definitely worth the money. It was easy to read and was informative. Answered a lot of questions I had!

A quick and interesting read that gives a nice view of how the different types of small business are taxed. Goes beyond Schedule C.

Good solid basic info for someone either thinking of or already has started a small business. Thx.

This book has a lot of great information and is easy to follow!

nice
