How To Raise Goats: Everything You Need To Know, Updated & Revised (FFA)

Synopsis

Whether you want to raise a dairy barn full of milkers, one hundred meat goats for market, a herd of Angoras for mohair fiber, or a few Pygmies as pets, this book is for you. Expert, hands-on advice makes it easy to get started raising a healthy herd. Longtime goat farmer Carol Amundson describes the breeds popular in the United States and Canada and explains all the helpful dos and don'ts. You'll find information about traveling with goats, marketing, treating illness, and more, including a glossary of caprine terms, tables and charts for easy reference, and a list of breed associations. Illustrated in full color, this guidebook is an indispensable resource for those who want to raise their very own goats. Easy-to-follow tips help you to: Choose the right breed for your needs Evaluate and purchase goats House and feed your herd Keep your herd healthy Breed goats and birth kids Market goats and their products Reviewed and approved by Dr. Clint Rusk (Purdue University Associate Professor in the Youth Development and Agriculture Education Department), this book will give you the tools you need to succeed in this challenging but rewarding venture.

Customer Reviews

Whether you want to raise a dairy barn full of milkers, one hundred meat goats for market, a herd of Angoras for mohair fiber, or a few Pygmies as pets, this book is for you. In this revised second edition, expert goat breeder Carol A. Amundson is back to give you everything you need to know about raising, caring for, breeding, and showing a fine herd of goats. You'll learn the

popular breeds of North America, their mannerisms and benefits, as well as all the helpful DOs and DONâ€Ts for successfully raising goats. There is even a glossary of caprine terms and a list of breed associations for further education and research. Illustrated in full color, this guidebook is an indispensable resource for those who want to raise their own goats.Â Easy-to-follow tips help you: Choose the right breed for your needs Evaluate and purchase goats House and feed your herd Keep your herd healthy Breed goats and birth kids Show goats at fair or club events Market goats and their products Since 1928, the National FFA OrganizationÂ•formerly known as Future Farmers of AmericaÂ•has been dedicated to agricultural education. Today, there are more than 490,000 members in over 7,000 chapters in all 50 states, as well as more than 5,000,000 alumni around the country.Â The contents of this book were reviewed and approved by Dr. Clint Rusk, Purdue University Associate Professor of the Youth Development and Agricultural Education Department, in accordance with industry standards.Â Author Carol A. Amundson has been raising goats since 1989. Her articles have appeared in Goat Magazine and United Caprine News. The former editor of the Minnesota Dairy Goat Association newsletter, Gopher Goat Gossip, Carol served two terms on the MCGA Board. Her initial goal to have Â“a few chickens, ducks, two goats, and maybe a calf and a sheep or twoÂ•turned into over twenty years of goat husbandry experience. Those years involved building a grade A goat dairy, running a successful show string, and working at Poplar Hill, a 500-milker goat dairy. As well as caring for approximately 100 goats (give or take a few) on her twenty-acre farm in Scandia, Minnesota, Carol works as a medical technologist at a local hospital.

Carol Amundson is the former editor of the Minnesota Dairy Goat Association newsletter, the Gopher Goat Gossip. Her articles have appeared in the Goat Magazine and the United Caprine News

Crisply written, beautifully illustrated, quite plain-spoken about how to raise goats!! A very useful "how to" book - I am thinking it would be worthwhile to consider translation into languages of countries where goats are being encouraged as a measure for improving the quality of life! Fine writing, excellent layout, bravo!!

This book was recommended by my mother-in-law who's been raising goats for years. This is a great book with lots of photos. Very easy to read with lots of valuable information, especially if you're new to raising goats.

Good information in this book

OK

I enjoyed reading this book many many times.

A must have reference for all goat farmers. Read it before you buy goats - it will make your life easier.

...good book! Well written , organized, and and enjoyable to read. I would say it's everything you need to know if you are thinking about raising goats . I would like to have seen more technical information , more advanced medical information and such. There isn't always a vet around !

Great book, with so much information from birthing to milking to sickness. It was just what we were looking for!!
