Customer Reviews

I purchased this book as a gift for my young cousin, who loves looking at and talking about exotic cars. It's a slick hardback book with great photos--it might not be 100% accurate or have the details that a TRUE aficionado would appreciate, but it's perfect coffee table book for a young man who likes fancy cars!

Clearly originally designed as a coffee table book, it does have big beautiful pictures but also has detailed information on each of the cars as well. It was a great gift for a car obsessed boy who has a number of car books, but it would also work quite well as a coffee table book in a living room.

Jaw dropping, so fun to see the craftsmanship and design. Gorgeous photography on thick rich matte paper!

My Dad loves this book, I gave it to him as a get through the winter gift. He says the pictures are beautiful, and the book very informative.

Nice photography, but text is superficial and full of misinformation. Worth no more than the used price I paid.

Gave to Grandson as gift. Real nice bound book.

Lovely book about cars. My son and husband love look through the book together.

Very nice picture book.
