Highlands:Nineteen-year-old artist Katherine Mercer dreams of selling her paintings to help support her struggling family. Before she has the opportunity, Katherine learns she is to be sold--or practically so--given in marriage to a lord she has never met or even heard of. In return, a much-needed settlement will be made upon her mother. Katherine's situation goes from frightening to surreal when her husband-to-be Laird Collin MacDonald arrives with an entourage of men, each heavily armed and speaking with a thick brogue. As if leaving all she knows behind and traveling to another country with strangers isn't bad enough, Katherine soon discovers a Scottish heritage she knew nothing of, a brother-in-law who wants her dead, and far more at stake with her paintings than she had ever imagined. Forced to turn to her reclusive husband for answers, comfort, and even her very survival, Katherine begins to unravel the mysteries of her past and what it is to love and be loved.Other Hearthfire Romances: SAVING GRACELOVING HELEN

This is book one in a series. I will be preordering this as soon as available. Absolutely loved everything about this story. I'm fact, I read straight thru to the end. The characters were endearing and believable. I loved the storyline and how the author unfolded each new piece of the mystery. I appreciate that this author writes quickly and I won't have to wait too long for more. Thank you for one of the best storylines i have read in a long time. Not just a new version of a story already told. This is refreshing and new!

Oh how I enjoyed this story!! enjoyed the slow growing love that seemed to come to Katie and Collin!! It was like a historical romantic suspense! You just don't know who to trust and what will happen next! There are so many twists and turns, I got whiplash! I loved it! Sadly, I have to wait for the next book to see how they will be able to help both their clans and avoid being on everyone's target list!

I really enjoyed reading the story of Collin and Katie, this book was so good, i stayed up way too late reading it. I loved the setting of this book, I loved how the book goes from present to past. I loved that you are forced to try to understand, what has not yet been said. I can't wait for the next book in this series.

Such a great book. I loved the storyline and the characters and can barely wait for the next one to come out. Great job!

Another wonderful book by one of my favorite authors. I don't know how Michele can write historical novels and make the story so believable. This book is suspenseful and never lags in the story. I could not put it down. Michele brings the characters and locations to life with a story that is most enjoyable. I hope she will publish the next book in this series soon. .

I love Michelle Paige Holmes' books. The characters are deep, the storylines intriguing, and the growth of the characters is very real. Looking forward to the next book. Worth the time to read.

Well written! Compelling characters. A great story. I can't wait for the next book of the series..

This is her best book yet. I absolutely loved it and can not wait until the next one.
