Customer Reviews

I've enjoyed every one of Melanie Cellier's books. The first one had me hooked. Each one is a delightful re-telling of time honored fairytales. I sincerely hope there are many more to come. If you enjoy good stories that don't get dunked in the gutter, you will enjoy Melanie Cellier's tales.

I really enjoyed this novella. I can't say that I was originally that intrigued by the characters of Sarah and Evelyn in Princess Fugitive but the author did a good job of drawing me in and the characters of Sarah and Evelyn really captured my interest. My favorites in the series are Princess Fugitive and this story. The characters are quirky and interesting.

Loved catching up with Sarah and Evelyn's continuing story as the two cousins make headway in Eva's intrigue-filled court. A fun, fast read!

I have this belief that side characters make or break a story and I have a tendency to get more into the lives of the side characters than the main ones. Because of that, I absolutely LOVE when authors write a happily ever after for their side characters! I already fell in love with all of these characters in "The Princess Fugitive" so I was thrilled to see this story dedicated to giving Sarah and Evelyn a happy ending!

Definitely a novella--with less detail and easier resolutions--but an incredibly fun read nonetheless! If you have loved her other books you will love seeing these characters fight their own battles and earn their own happily ever afters!

Great I love it

Melanie Cellier for me is synonymous to a beautifully crafted story. I can only say that I loved all of it and I hope she will go on and produce more of the same. I hope she will always be able to find the time and the inspiration for more.

Loved hear more about these girls. Great stories. I couldn't put the kindle down. Can't wait to read

the next ones.
