Difficult Patients, 1e

Synopsis

One of the greatest challenges a nurse can face is to encounter what he or she perceives to be a 'difficult patient' or a difficult situation.

Customer Reviews

"The final chapter identifies rules based on both the research and the author's own experiences, which are both practical and helpful and can be applied to any health care setting."Nursing Times, June 2000discussing theoretical frameworks it also offers insights and strategies on managing situations with patients who have crossed the boundaries of acceptable behaviour. There is also an excellent chapter on confrontation and challenging behaviour and how to deal with aggression and violence."Practice Nurse, December 2000is an enlightening approach to the age old problem of the difficult patient ."Nursing Standard, October 2000
