Rick Steves' Britain, Ireland And London City Map

Synopsis

Designed specifically for Rick's travel audience (or users) these maps highlight choice destinations throughout Britain and Ireland in a colorful, easy-to-use format on high-quality paper that lasts over many trips;

Cuts the Clutter: While big cities are left for navigational purposes, this map is otherwise stripped clean and filled in only with places that matter to travelers;

Guidebook-Friendly: At a glance, all the places you read about in Rick's Britain, Ireland and London guidebooks pop right out in a crisp, easy-to-read format;

Rail or Road: Includes important train lines and highways (and ferry routes) for easy route-planning, no matter how you'll get around;

The Back's Even Better: The reverse side includes a colorful, detailed heart of London map, locating sights, hotels and restaurants from Rick's London guidebook. A handy London Tube map, too!

Customer Reviews

Don't waste your money! This is very thin and cheaply made, much too generic! It's not really informative at all, you would do better with a Visitors Center free map, or a Hotels map.. I wish I could return it, but too late ;(Buy the Collins Maps

Instead!!!https://www..co.uk/s/ref=dp_byline_sr_book_1?ie=UTF8&text=Collins+Maps&search-alias=books-uk&field-author=Collins+Maps&sort=relevancerank

This is a terrible map of the UK! It is not detailed at all, with lots of blank spaces that could show

places to visit but don't. I had to hand-write a lot of town names on the map. The London map on the reverse side is a little better, but free maps of London are available all over from tourist offices, so there's no reason to pay money for this one. The Rick Steves organization should be ashamed to be putting out such an inferior piece of merchandise. I wound up throwing it away. PS: regarding another product from the same organization: the Rick Steves toiletry bag that I bought ripped the third day I used it. I was constantly sewing it up during the trip.

This is not a complete map--just a skeletal planning guide for the major sights Rick Steves thinks you ought to see. It does have driving times to those sights, but you will need a real map or sat nav to get to them.

I really like Rick Steves and he gives sound advice. I suppose this map would have been great if we hadn't been travelling so much by car... We drove from Manchester, England to the Scottish Highlands and this was just not detailed enough. The free map we got from the car rental agency was exactly what we needed. We also brought MultiMap.com printouts with detailed driving directions to each of our destinations. This is a good quality map and gives a great overview, but beware if you're driving.

First saw this map as an attachment to the inside cover of this book, which I had checked out at the local library. This map will easily get you around Great Briton, particularly London, without the need for other large and cumbersome maps. I have traveled with Rick Steves' maps routinely over the years and they have always served me well.

I like the fabric coated type material used for making the map. The map is helpful for me as I plan our 2018 trip, along with Rick Steves book.

This is my second Rick Steves map! I will be traveling to Brittain and Ireland this summer and love to follow the route my coach is going! It is a very durable product, made of a cloth-like paper so it holds up to much use! I will order more in the future and recommend this map!

Map arrived as described.
