## Customer Reviews

Other buyers beware - this does not contain the violin solo part it has the violin part for what would be the rest of the orchestra

I really like this edition. It has the original Vivaldi's description of every part of the concerts. It also impressed me that the piano book is plastic-covered, making it long-lasting. The print is of very good quality and the fingerings and bowings for the violin part are nice, some changes need to be done but just to make your own performing. Overall, I'm very happy with this.

Exactly what we needed. This is for the advanced or professional and includes the piano as well as the violin parts. Very pleased.

I gave it to my cousin's boyfriend for Christmas because he is great at playing the violin. I thought he would sound great playing Vivaldi. He was so amazed by it, he was looking through it after

opening it.

It is splendid music

good value for a complete piece
