Southern Lovin': Old Fashioned From Scratch Southern Favorites (Southern Cooking Recipes Book 1)

Synopsis

Over 300 of your favorite Southern recipes from scratch using real ingredients. My mother cooked from scratch and this is a collection of her recipes used for our large family. Included are some of our "tailgater" favorites along with delicious appetizers for a quick get together. Of course, no Southern cookbook is complete without homemade biscuits, gravy and cornbread recipes. There is a complete chapter dedicated to breakfast. In the South, we are famous for our delicious breakfast and this cookbook has all the recipes you will need for a southern breakfast in no time. When your garden is in full bloom, you will find tons of recipes for fresh vegetables along with main dish items and casseroles. Who doesn't love homemade breads, cobblers, doughnuts, pies and cakes? Over 100 recipes for the finest breads and desserts the South has to offer. I am sure you will find a few that you can't wait to try out on your family.

Customer Reviews

This is a *wonderful* cookbook of all the Southern favorites. I'm serious - I forget exactly how many

but I think the book is 486 pages long! I have been a foodie for over 45 years and been cooking for 54 years and this is the most I've been impressed by a cookbook in a loonnnggg time. The book is divided into logical categories that flow in the order you'd make them. Thus it begins with breakfast. I appreciated Ms. Watson's recipes, but just as much I thought her tips on how to cut biscuits were very helpful. When she discusses gravy, she explains how to make milk gravy, but also how to make gravy from a number of other things. I could go on and on ... I'm on my second reading of the book now. So far (3 days ago) I've tried 3 recipes and each one was a total success! I've never been able to make good biscuits before but yesterday they were perfect. They improved due to her tip about NOT twisting the biscuit cutter but rather pushing straight down.

I am from the deep south born just fifteen miles from the Florida line and I enjoy all the great food of the southern states Georgia, Mississippi, Louisiana and even Texas and this book is full of all the flavor of the south. If you are looking for great recipes with a southern flare then this is the book for you. All I ask is that you enjoy all the great recipes in it. Thank you

This cookbook is jam packed with recipes for cooks who want the real deal southern basics. It's especially good for the novice cook who needs great step by step instructions. From breakfast to dessert, there are so many beloved recipes from the South. There are sections on cast iron cooking, biscuits, appetizers, vegetables, salads, main dishes, and desserts that I haven't found in any other cookbook. The section called Miscellaneous is full of recipes for sauces, gravies, stocks, and other southern treats. All the dishes in the book are, and have been, staples on every southern table when friends and family gather for a visit or celebration. As an old southern cook, it's so nice to have everything in one easy to follow book. Thanks S. L. Watson for sharing your family dishes with us.

Southern girl to the core who just found THE cookbook for me! Chicken Fried Steak with cream gravy. Grits and gravy. It's all here - southern lovin' from the oven and the frying pan. Can't get enough!

Oh mercy! Here's the chicken & dumplings recipe I've been searching for! (None of that "open a can of biscuit dough & plop them in" nonsense...) Sadly, my husband's grandma began to lose her memory before I could get accurate instructions for her signature dish. Worth it for that one entry alone, but there are gobs of scrumptious, authentic recipes in here. Don't bother looking for

gluten-free -- this is comfort food! No nutritional info (probably better just not to ask...) nor photos, for which I would tend to deduct a star, but the sheer volume of classic homemade goodness makes up for it. I can't imagine anyone not finding something to like in this treasure trove of yum...

I bookmarked almost every recipe. Purchase this cookbook you won't be disappointed. Recipes are clearly explained and most ingredients already in your pantry.

This is a wonderful resource of comfort food recipes. It is by far the smartest purchase I have made on . So much for so little. The recipes are enticing, the instruction are well written and easy to follow and the results have all been delicious. I'm a born and raised Northwesterner but I have found many foods from my childhood here and many more for my future. Why are you still reading this click "add to cart" you won't be sorry.

I grew up in Nashville, Tennessee around some of the best southern cooks ever. This book is like looking at a recipe book they might have written. There are hundreds of great recipes, for both old favourites and a few new ones as well. The author explains all the cooking processes very thoroughly and her comments about the recipes are very entertaining to read. There are no pictures, but I hardly noticed because the everything else in this book is so good.
