Just right size to stash in glove box in car!

A little unwieldy, but has an impressive amount of birds in it. Wouldn't take it out on a long hike, but it is nice for short excursions to a bird-watching area.

EXCELLENT SERIES. GOOD FOR FIELD IDENTIFICATION, ALSO GREAT FOR ARTISTS WHO WISH TO DRAW A SPECIFIC BIRD, OR PAINT ONE, TO GET A LOOK AT AN ACCURATE SPECIMAN. ALSO FOLDED NICELY TO OPEN OUT TO FULL SIZE, VIRTUALLY WEIGHTLESS, AND EASILY PACKABLE. EDUCATIONAL, CONVENIENT, WELL DONE AT A LOW PRICE. IMPERMEABLE TO WATER AND STAINS, PLASTICIZED SO WIPES CLEAN. REALLY GREAT! HIGHLY RECOMMENDED.

I have found this chart very helpful, because I have only lived in Tennessee ten weeks. My backyard is so thick with trees that often I'll only see a flash of color--I can see a bird's approximate size and its colors, but not its shape or any details. This chart narrows down what kind of bird it might be, and I can then look up the bird in my bird books and look to see if I have the correct bird once I get another glimpse of it. It can't really be used alone, as it doesn't give much detail or even a very good picture, and I've seen one or two birds already that aren't in it because they aren't common in the state, but it is very helpful for what it does do.

Wonderful information guide!

Handy pocket guide for birders in Tennessee!

My daughter loves how easy it is to take along with us on our walks or bike rides. Very helpful!

This little pamphlet is great for leaving by a window as a quick reference when you see a bird. The pictures are clear and the pamphlet includes a good representation of birds of each category. We also purchased a larger bird book for detailed information. The two complement each other nicely.
