Hal Leonard 703707 Play Harmonica Today Complete Kit With Book/CD/DVD/Hohner Bluesband Harmonica

Customer Reviews

I love music. It is so handy to have your harmonica with you and get it out of your purse or pocket and just start making music. It draws people to the sound. Even if you don't know any songs, you can produce some beautiful chords. The Hal Leonard instruction book with CD, DVD, and harmonica kit is great for beginners. You will be playing songs within an hour or less. Some reviewers have said the harmonica doesn't work. (Holes 1 and 2 don't work). This was not the case with me. My instrument works fine. If you already know the fundamentals, don't buy the whole kit. Just buy a good harmonica. I am very pleased with this product and would recommend for beginners. Hope this was helpful.

The book and DVD are fine, but the harmonica didn't work. #1 and #2 holes makes no sound when blowing out.

Postage took a long time, but otherwise no complaints. Easy to follow book for beginners, but don't bother with it if you already know fundamentals.

Gave as a Christmas gift. Recipient is already playing songs. Great instruction

Couldn't believe that u got all the stuff to learn how to play it a CD a DVD and a music training book for 20 bucks pretty cool

Excellent course. Highly recommended.

Great tool for beginners. I was playing first song's pretty well by day two.

Wonderful teaching from beginner on up. I bought a bunch of harmonicas, 3 of these DVDs and 2 DVD players and took them to Haiti to start little music schools in an orphanage and a school. They are so well done that children that don't understand English could follow along (with a little help from me). Wonderful!
