Sergei Prokofiev: Sonata Opus 94 For Flute And Piano (Moern Russian Masterworks)

Synopsis

The Schirmer edition of Prokofiev's Sonata Opus 94 for Flute and Piano is based on previously printed editions and recordings of his Opus 94. This edition retains the solo flute and solo violin parts in the piano score showing the differences made by the composer for both versions of his work.

Customer Reviews

This is an inexpensive edition which might be appropriate for students. But there is nothing "revised" or new about this edition. It is basically the Rampal edition, which strays terribly far from the original Prokofiev score. It includes all the old active jumps and articulation that Rampal added for the International edition. I don't recommend it. However, at least the editors annotated where this edition varies from the original. (So does the Rampal/International edition.) There are also some bad page turns in the flute part which could easily have been avoided. I recommend the new Sikorsky edition. Although it is not without flaws, it does stay faithful to the original, errors and all.

Prokofiev is an amazing composer, and I was so excited when I heard that he had written a piece for flute! This sonata contains many varied moods, and showcases all of the essential skills of the well-rounded flutist. Be it technical skill, tone quality, or expressive playing, there are challenges for players of all types. The flute and piano parts compliment each other perfectly, and this sonata is

really a team effort. Both parts are important and together sound amazing. This is one of my favorite flute pieces, and I'm really happy my teacher assigned me the 1st movement!

Very nice book for teaching flute to students, great price, arrives on time and in good condition.

This product satisfies me completely. Try it everyone, you won't regret. This piece is beautiful, I bet you'll like it.
