Customer Reviews

Attorney Steve Lehto lays out a broad base of intelligent information about what to do if you think you have a defective car, in easily understood language.

A must read for your lemon law case!

This is the definitive book on Lemon Law. Easy to read with tons of useful information. I like how the author is actually a lawyer so the examples and stories he shares come from real clients and "in the trenches" experiences. This book helped me cope with my defective truck and walked me through the process of making the manufacturer buy it back. Well done!
