Customer Reviews

This is a fun coloring book with 31 designs for the holidays. It has a wide variety of quick to color designs that immediately make one think of Christmas. The subjects of the designs include: sleigh, stocking, Santa, reindeer, Christmas trees, candles, and more. The designs range from simple, open, and fast to color to some that have more detail and even a few intricate areas that will take a little more time. The designs are printed on one side of non-perforated white thin paper which is the typical weight used by CreateSpace publishing. The binding is glued rather than sewn. All of the designs stop before the binding, so cutting pages out will not result in a loss of any part of the design. Most of the designs have a "framing" line of some sort around them. I was able to bend the spine hard enough to get the book to lay flat. All of my markers and gel pens leak through Creative Space paper. Coloring pencils work well on it. I generally use

whatever coloring medium I choose but I put a piece of chipboard or heavy weight paper below the page I am working on so that the ink doesn't leak through to the next design.

Of the total pages, maybe 6 I like. It seems cheap and swiftly constructed. Had I paid \$10 for it, I'd have wanted a refund. Since it's around \$5, I'm not going to make an issue of it. But this is truly BUYER beware, I'm afraid.

Some are small on a big page. Some are tacky looking and then there are some great pictures. I would like to see a really nice Xmas book with nice trees, ornaments and so forth. This has a few of each but better than some books for sure.

Fun book.

Got this for my daughter in the Navy who was deployed for the holidays She has been deployed before & though this would cheer up her newer people She said as childish as it was this really cheered them all up & they had a lot of fun!!!

coloring book is cheaply done

nothing I couldn't buy at the dollar store

Was just okay
