These are sure to please postcard exchange members of any age or gender. Colors are lifelike and you can tell the artist really cared about his work. The back has the dinosaur and artist name only so plenty of space for a message. It's attached to the booklet by glue. Hard to remove without leaving residue or tearing card a little. Was able to remove only 6 cards without mishap. Tendency to curl but that's easily remedied by placing heavy book on top before sending. Out of 12 dinosaurs ... I'm keeping 1 and mailing the rest.

My grandson is a big fan of dinosaurs. I found these postcards and thought it would be fun to send him a postcard once in awhile. I personally was not real happy with the pictures themselves. They seemed very dull. I do wish there could have been some type of description of the scene on the postcard. I did not know one dinosaur from the other.

I received this item in good time and i must confess I was more then happy with the product, clear pictures of the featured dinosaur with the name on the back of the postcard,Two Thumbs up!!
