Customer Reviews

The birthday child looks very much like a hippopotamus. Her friends, the birthday monsters, arrive just after dawn, bring presents, make a wonderful mess and clean it up. Part of an appealing new board-book series. -- New York Times Book Review, 3/13/94

The Boynton Board books are compact treasures just right for little kids. Each book is replete with full-color drawings and comes with a die-cut cover. Also in the series are: ONE, TWO, THREE!, a rhyming number primer presented by all sorts of animals; BARNYARD DANCE!, a sing-along book set on the farm; and OH MY OH MY OH DINOSAURS!, where dinosaurs present kids with an easy way to learn all about opposites.

This book checks off many of the things I look for when choosing books for my son. Board books are perfect for babies and toddlers. I bought this as a gift for his 1st birthday and 4 months later he still enjoys having this book read to him. I like the colorful and interesting illustrations. Lots to point out and discuss while reading. I love rhyming stories and so do kids. The story is silly, cute and interesting. A rollercoaster of emotions to experience. Fun ending. I definitely recommend this book. I can see myself buying it as a birthday gift for other kids as well.

Despite being a board book, it's got a plot! The monsters are a lot of fun, and my 1-year-old grandson just loves the book! (We did a bit of a monster theme for him...)I love Boynton and have for decades now, and this is a really fun addition to her board books for the little ones!

My son was raised on Sandra Boynton books. I gave three box sets to my niece and now she loves them. You can't go wrong with Sandra Boynton books. The writing is cute and for the illustrations.

One of the best Sandra Boynton books I have read. My son loves these books and this one is hilarious.

Adorable book.. too cute. Gave to my Grandson for his first birthday. Monsters are adorable!

This is one of our favorite books. My 2 year old LOVES it. The fun story is written so well and flows so naturally. The story cracks me up every time. My 11 year old always picks it up first to read to my son. This is now one of my "go-to" birthday presents for kiddos turning 1 or 2. I highly recommend it!

Cute story! I bought this as a "card" to go along with a monster bowling set I bought for my 2 year old nephew. Very pleased and the book is definitely brand new!

Great 1st bday gift!
