# Law, Business And Society

## Synopsis

Law, Business and Society, 11e fits both upper-division undergraduate and masters levels courses in the legal environment of business, government and business, and business and society. Law, Business and Society, takes an interdisciplinary approach, using elements of law, political economy, international business, ethics, social responsibility, and management. Students will find an interesting, provocative reading experience filled with contemporary legal and ethical conflicts emerging from today's news, as well as scholarly results, surveys, polls, data, anecdotes, and other specific details that lend credibility, immediacy, and interest to the reading experience.

## Customer Reviews

good quality, very pleased with purchase

this came so quickly and seems to be brand new. the spine creaked when i opened it. i love it! i was expecting a well used book so what a wonderful surprise when its brand new!!

good book.....much more interesting then my class...

This text is far less dry than many legal texts I've seen. There are many exercises to chat about in class and while I find the textbook industry utterly detestable, this book is a good one. Whether or not it was worth what I paid is another conversation altogether.

Had plenty of example for the novice law person.

The book arrived in a timely fashion, but it was not the book that is pictured. It was an international version that was accepted by my professor and made the deal even sweeter

It was shipped in a timely manner, but the picture that is shown should be changed to the correct one it's false advertising

Cover image different for international version, but quick shipping. Satisfied all around.
