Happy Thanksgiving, Curious George Tabbed Board Book

Synopsis

Today is Thanksgiving and George is so excited! He loves everything about the holiday – from the parade with music, jugglers, and big balloons to the delicious turkey shared with family and friends. But even on Thanksgiving the curious little monkey manages to stir up some trouble! Follow George through his Thanksgiving adventures with the short poems in this board book. The fun, tabbed pages are perfect for little fingers!

Customer Reviews

Hans Augusto Rey was born in Hamburg, Germany in 1898. As a child, he spent much of his free time in that city's famous Hagenbeck Zoo drawing animals. After serving in the army during World War I, he studied philology and natural science at the University of Hamburg. He then married Margret Rey and they moved to Montmartre for four years. The manuscript for the first Curious George books was one of the few items the Reys carried with them on their bicycles when they escaped from Paris in 1940. Eventually, they made their way to the United States, and Curious George was published in 1941. Curious George has been published in many languages, including French, German, Japanese, Afrikaans, and Norwegian. Additional Curious George books followed, as well as such other favorites as CECILY G. AND THE NINE MONKEYS and FIND THE CONSTELLATIONS.

Another wonderful Curious George flip book! My 4yr old loves having the side tabs to flip to his favorite pages. I love the bright pictures full of detail to engage in conversation with him. Each page discusses a little of the traditions we engage in as a family around this holiday and I think it helps my son understand whats coming up by reading our book prior to the holiday. Just a fantastic book for Curious George fans!

Curious George, Thanksgiving, book is so wonderful. We have been watching Curious George, on tv. with the grandkids for years. All of the kids love the show, (and I have to admit, I find myself watching it even when the grandbabies are not here.) I love that they have a city home, and a country home. It allows for so many more adventures, and story lines. When we ran across on , the Curious George, tabbed books, we immediately knew we had to have them all. This story touches base with all the wonderful family traditions that is associated with Thanksgiving, a must for any child.

In our home we have Curious George books. We have both board books and standard paper pages books. As this is a board book, I was hoping for something within the normal toddler attention span associated with other Curious George board books, that is not the case here. 4-5 paragraphs per page with very little story or lesson in the plot. Bummer!

Each tabbed page features a poem/rhyming description about a different aspect of Thanksgiving: cooking, crafting, parading, etc. It was a fun book describing what the holiday was like - just what I was looking for to read with a toddler still learning about the traditions of all our holidays. I also bought the Christmas book, which I liked as well, but I like this one a bit better.

Bought for both my grandchildren. They enjoyed listening to it and looking at the pictures. I liked the content and the way the book was structured with the subject tabs.

This was a great purchase, just a little late for thanksgiving - perfect for next year if I remember. Fun way to begin to learn about our nation's holidays.

This is not a story but information about items associated with the holiday. However, it was liked by 4 year old grandson.

This book is perfect to explain to kids what happens on thanksgiving. Focuses more on what we do in current society rather than the history of thanksgiving. My kids (age 3 1/2 years) loved it!!
