Belinda Terro Mooney is a homeschooling mother of six and author. She is also an experienced college instructor, holding an M.S.W. in social work from Louisiana State University. Mrs. Mooney put aside her career, however, to devote her time to homeschooling and homemaking. In her own words, Without a doubt, it's the best decision I ever made in my life. She wrote the Christ and the Americas Workbook as a longtime fan of TANBooks to help students appreciate our fine Catholic heritage. She currently resides in Greenville, South Carolina with her husband and six children.

excellent accompaniment to the textbook (which is more like an interesting novel) - thorough, concise information; good review and project ideas; easy to follow; best history curriculum we've used so far

It's alot easier to do the questions with the workbook than in just reading the questions in the text.  
Thanks

I asked my son, who is currently using it, and he said, "Four Stars."

This companion book helps to reinforce the lessons of the Christ and the Americas Workbook. It has been very helpful.

I bought this book to be a test book for my daughter being home schooled for the first time in her junior year. She reads the "Christ and the Americas" book and I use the pages out of Mooney's book for testing. The Q&A can be a little tricky for kids who have been diagnosed with a slight learning disability but this is still a good book

The work book is a very good addition to the other book expect for the fact it didn't have the answer key in it. That would have made it a bit easier on me. Thank you Millie

For a used book, this was a great bargin. All pages were Christ and the Americas Workbook: And Study in pretty much perfect condition,,, . . . .

Great price. Great service.
