Bisco Hatori made her manga debut with *Isshun kan no Romance* (A Moment of Romance) in *LaLa DX* magazine. The comedy *Ouran High School Host Club* is her breakout hit. When she's stuck thinking up characters' names, she gets inspired by loud, upbeat music (her radio is set to NACK5 FM). She enjoys reading all kinds of manga, but she's especially fond of the sci-fi drama *Please Save My Earth* and *Slam Dunk*, a basketball classic.

I can honestly say this is one of my best purchases ever! I absolutely loved this series and actually having it in my hands is amazing. If you want the whole series in outstanding condition and for a great price, (you're basically only paying for almost 8 out of 18 volumes. That's means you're getting 10 for free!) you're looking in the right place. Also if you've only watched the anime you are missing out!

Got this for my daughter's birthday and am now addicted to the book series as well. I'd watched some of the animated version and am torn - I like the book series just as much, maaaaaybe a bit more than the anime right now! Great writing, nice set, beautiful artwork... I love the sidebar comments that Hatori puts in the books! Getting a peek at her creative process is an extra bonus. If you like well written, character driven stories, take a look at Ouran Host Club - you won't be disappointed!

Just love them. They arrived the same day I ordered them. One of my rather expensive purchases but I really love the series and reading online with all the adds and pop ups was just getting annoying. The box is also really cute. It actually sits perfectly on the headboard of my bed that I used it to force the rest of my books against the wall for a makeshift bookshelf.

I was so excited to receive my Host Club Box Set and when I opened it, I noticed I had 2 Volume 8s and no 9. Sooo...yeah. Perhaps it's a good thing to check over your work when they're placed in the boxes!

One of the best shojo manga of the last 10-15 years in my opinion. The artwork is beautiful, the plot never has a dull moment. The encouragement of acceptance of non-heterosexual relationships is believable. If more people lived with Haruhi's mindset of acknowledgement and acceptance, the world would be a much better place. It's a great story for most ages, at least 8 and up, male and female. Also check out the anime, live action drama, and the movie. They are all wonderful!

It is so worth it. It's a great value getting all of the volumes with a cute memo pad. It's easy to carry around due to the handle so you can bring these books to other places on the go!

Wow, what a beautiful box set. It has a carrier handle and everything. We got this anime set for my daughter's birthday as her main gift and she was thrilled. So beautiful and vibrant. If you have a child that loves Anime then this is the series for you. It will be hard to beat the price anywhere else. The books were pristine and came quickly. My daughter absolutely loves this series and we could not have been happier with the company. The books are beautiful and have a great story. The price may seem high but is average for Anime.

Loved the series, it was cute. My only gripe about this box set is that for some reason I cannot fit all

the books back into the box after reading them. I tried to squeeze the last book in but was afraid of damaging one of them. I'm very careful with my manga and meticulous when it comes to reading and caring for them, therefore I didn't crack the spine of any of them so I'm puzzled. Otherwise the books were in a nice box with velcro closings and a handle to carry the set.
