# Resume: Writing 2017 The Ultimate Guide To Writing A Resume That Lands YOU The Job! (Resume Writing, Cover Letter, CV, Jobs, Career, Interview)

## **Synopsis**

Kindle Version \$2.99 FREE when you purchase the paperback! Despite the growth of platforms such as LinkedIn, Resumes remain an indispensable tool. With the job market more competitive than ever before, it's vital that you present the best version of yourself on paper. With 100s, even 1000s of resumes to sift through, hiring managers simply look for the smallest mistake to discard your resume and hire your competitor. Let's face it, most of us suck at writing – especially about ourselves. This book will guide you through a step-by-step process to ensure your resume is FLAWLESS.

**A Preview of What You Will Learn:**

- Technical knowledge regarding resume looks and purposes
- Ways of formatting resumes
- Each section of a resume analyzed in slightest details
- Tips on how to pass the first phase of your job application
- Resume writing and research tips
- Keeping your resume updated
- For less than a cup of coffee, invest in your future today

**Tags:** Resume, Resume Writing, Career, CV, Cover Letter, Jobs

## **Customer Reviews**

This guide offers great advice, but it doesn't go much beyond the basics that you will find online. If

you are looking for a good guide that covers the basics, this will get the job done, but it doesn't offer much advice that you won't find elsewhere.

This is an awesome guidebook and I found it very helpful. Throughout this book I have come to know about all the essential things for perfect resume writing. Inside of this book the author, Charles W Hanson has described plenty of helpful techniques & lessons for writing an attracting resume. This book gave me technical knowledge regarding resume looks and purposes. By reading this book I have learned some best ways of formatting resumes. Here I have found lots of resume writing & research tips. This is my honest opinion about the quality of this book and of course I will like to recommend this book to all interested readers.

My son is on job hunting this week and I was hoping to get good advice from this. *Resume: Writing 2017 The Ultimate Guide to Writing a Resume that Lands YOU the Job! (Resume Writing, Cover Letter, CV, Jobs, Career, Interview)* and I wanted to help him since it is his first job if he will be hired. This book shared resume technicalities like the appearance of neatness, efficiency, and professionalism. Also, shares the exact length of a resume and resume formats. So far it was written well and have nothing else against to say. This is helpful for newly graduated students who wanted to seek a job right after they graduated from school.

This is a short informative book. I have a feeling the author left out a lot of information. But the basics was good information. I recommend this book for those whom need to start a resume from scratch

I was very disappointed when I received this book and should have studied the description of it more carefully. It is only a thin paperback with no earth shattering info or examples. I expected more and would read the description carefully next time.

huh

This is a good brief way to explain the purpose and focus of writing a good and effective resume in order to get hired. The helpful tips of the length of a resume, technicalities, and resume format make it easier for people to get a resume draft established. This is very helpful, highly appreciated!

Very disappointed in this book. It only provides basic info and no examples.
