ÃƒÂ¢Ã ¬Ã Ã“Merry and BrightÃƒÂ¢Ã ¬Ã Ã• is the one of the two holiday coloring books by Designs Originals this year. Both books are collections from a variety of artists who publish books from Designs Originals. The artists include: Thaneeya McArdle, Angelea Van Dam, Robin Pickens, Valerie McKeehan, William Vanderdasson and Jenny Newland. Most (if not all) of the designs seem to have been published in each artist's own holiday books in the past or those about to be published. I own a few of those books but have no problems with the duplication of the designs,

especially as this great holiday coloring book is very affordable. Some of the designs are full size compared to medium size in their original books so I am pleased with that change. The designs are a really nice mix with lots of Christmas and holiday spirit. They range from cute line drawings to chalk-board style designs to detailed and intricate designs. It gives the colorist a really diverse group of designs to choose from and a good number of artists to try. This is what I found while coloring in this book and testing the paper with my coloring medium. In the comments section below, I will list the coloring medium I use for testing and coloring.

32 Full Size Christmas/Holiday Designs from a variety of artists

Printed one side of the page. The back of page has journal lines and a quote.

Paper is medium weight, white (though some are printed with black background), slightly rough and perforated.

Glue Binding: Designs stop well before the perforations.

Alcohol and water-based markers bleed through the page.

Gel pens and India ink pens can spot through to the back of the page.

Colored pencils work well with the paper. Both oil and wax based pencils provide good color, layer, and blend well.

Hard lead pencils can dent through the page.

I use a blotter page of card stock or heavyweight paper (two sheets) to keep seeping ink and dents from marring the pages below. I recommend using a blotter or that you remove pages before coloring.

I have over 200 coloring books and this one is one of the best holiday one.

Great holiday images. Nice mix of fairly simple and highly detailed designs. Paper heavier weight and perforated with a nice quote on the back of each page.

I love this coloring book. I have so many stress and anxiety issues and this is yet another book that relaxes me and gives me smiles. It's a great book.

My friends' grandchildren love these coloring books so I bought several for a Christmas present, along with some nice colored pencils. I have looked at them as they arrived and feel certain the girls are going to love them.

This coloring book reminds me more of something for a child. It had some good pictures in it, but unfortunately a lot of the pictures don't have enough detail to make them really engaging. I would say it's a so-so book, but I wouldn't buy it again.

I really was happy with the Merry and Bright coloring book lots of nice pictures. Good job very

detailed Thaneeya Mcardle is my favorite artist

I feel like a kid again, only now I stay in the lines. lol So pretty when I finish them.
