Egg Gravy: Authentic Recipes From The Butter In The Well Series (Volume 3)

Synopsis

Egg Gravy is a collection of recipes the pioneer women used during their homesteading days. These recipes had been handwritten in old ledger books, on scraps of paper, in the margins of old cookbooks, and forever etched in the memories of those pioneer women's children that Linda Hubalek interviewed.

Book Information

Series: Butter in the Well Series

Paperback: 136 pages

Publisher: CreateSpace Independent Publishing Platform (October 13, 2012)

Customer Reviews

From Green Pumpkin Pie, Caramel Ice Cream, and Smoked Pig Paunch to Christine's Fruit Cake, Apple Sauce Cake, and Rhubarb Marmalade, these are culinary samplings of a yesteryear that would grace any menu today. --Midwest Book Review

Linda K. Hubalek has written ten historical fiction books about pioneer women that homesteaded in Kansas in the 1800s. Her book series include: Butter in the Well, Trail of Thread, and Planting Dreams. Hubalek lives in Kansas and continues to research and write about the women who made the prairie their home.

I really enjoy stories based on family history and this one was amazing! Our forefathers were determined to better themselves and faced challenges we can't even imagine today!

Interesting but just recipes

I really enjoyed this book, it had some recipes that sound like something I would like to try. Also, told you how to can vegetables and what we called "cold pack" meat in canning jars, one thing is for sure in the days of old no one wasted a thing...every part of an animal or vegetable was used. From Sweden to Kansas... this book has great old pictures and it is the writing of an girl from the 1800's. As you read, you realize how much love was in their family and just how close the family was whether they were close by or not.

This was very interesting. I am sharing the info with friends, especially those of Swedish descent. One of the recipes, a friend didn't recognize the name, but when I read the directions, she said "Oh, yes! My mother fixed that all the time."

Really enjoyed the series of these books...but would not have liked to live in those times. Great history and interesting stories.

A friend loaned me this book. I read it through and thoroughly enjoyed it so I ordered a copy from for myself. I've used numerous recipes already and plan to go again and again to the book for enjoyment and interesting recipes. For people also interested in the history and lifestyles of Scandinavian pioneers, this is a delightful book.

Many wonderful recipes woven into the story of early prairie life with photos. Recipes still very do-able and I intend to try several. Great find!

Great series. About real family life in early settler time. No vampires and no sex.
