The Ultimate Spanish Review And Practice, 3rd Ed. (NTC Foreign Language)

Synopsis

More rigorous than ever, the bestselling intermediate-level workbook has been expanded into a comprehensive, dynamic digital/print study tool that engages students in a variety of ways. Based on the principle that strong grammar skills are necessary for foreign language mastery, *The Ultimate Spanish Review and Practice* explains and illustrates important grammar concepts with lively sentence examples, and it provides 400 engaging exercises that are contextualized, with scene-setting instructions in Spanish. This Premium Third Edition provides an array of digital content in the McGraw-Hill Education Language Lab App to accompany the book: Pre-test for identifying existing strengths and weaknesses; More than 250 additional exercises for extended review; Post-test for assessing progress; Flashcards for all vocabulary lists, with progress-tracking; Extensive audio exercises to test listening comprehension. Note: audio recordings (totaling 35 minutes) require Internet access.

Customer Reviews

Ronni L. Gordon, Ph.D., is an author of foreign language textbooks, reference books, and materials for multimedia. She is an education consultant specializing in curriculum development in foreign languages, literature, history, and teacher training. David M. Stillman, Ph.D., is an author of foreign language textbooks, multimedia courses, and reference books. He is a professor at The College of New Jersey where he teaches Spanish, Italian, Spanish, and Hebrew.

These books are fantastic and while they exist for Spanish and French, I wish they had them in this same format for other languages. I speak several languages at differing degrees of proficiency and would love a book like this for all of them. This book is ideal for advanced speakers, but also good for beginning and intermediate students who are somewhere along the way on the journey to learning Spanish (i.e. not for someone who is just taking Spanish 1 in college to get the credit and then will not touch it again). It's separated into grammatical topics with ample practice for each one, and the answers are all in the back of the book. Note that this is a comprehensive grammar review, not meant for training specific vocabulary or phonetics.

Really good review of grammar. Goes into quite a bit of detail and there are plenty of drills. This is an advanced beginner/intermediate level book. When I studied at an immersion school in Mexico for a few weeks, this and its partner verb book were the only English books that they recommended.

As an intermediate speaker of Spanish I found this to be an excellent tool for reinforcing and expanding my understanding of Spanish grammar while helping me put the enhanced understanding into practice. The book is clearly written, comprehensive and frequently provides insights that I had not previously encountered. The book is an excellent grammar reference and the exercises are spot on. I particularly benefited from the exercises where I had to choose between the preterite and the imperfect tenses, those for *ser* and *estar*, those for *para* and *por* and those for the definite articles. I have tried at least 5 other books that supposedly were designed for review and practice of Spanish but none comes close to this one.

Just what we needed.

Perfect in helping me with reading and writing Spanish since I am learning on my own.

Great to review grammar. I didn't like the electronic version, which I also bought, because it's just not convenient to fill in the grammar exercises.

I have been searching for a Spanish text of this type for a long time. It gives a well organised coverage of grammar, idioms, vocabulary and usage in several Spanish speaking countries.

It helps you to consolidate your spanish grammar.Excellent book,
