# Collectors Encyclopedia Of Hall China, 3rd Edition

## Synopsis

A brief history of the Hall China Company begins this book, along with information on re-issues, colors, and identification. Following is the massive photo gallery, complete with large color photographs, discussions on patterns, and current collector values for all known pieces in each pattern. There is a large section devoted to Autumn Leaf, as well as Ruffled D-, C and D-, and E-shaped dinnerware. Eva Zeisel designs, Century and Tomorrow's Classic Dinnerware, kitchenware, refrigerator ware, teapots and coffee pots, and other Hall products are covered in-depth in this huge reference. Finally, re-issues and new products are presented, and a handy nomenclature cross reference is provided for helping with the multiple names used. 2004 values. **AUTHORBIO:** Margaret Whitmyer and her husband, Kenn, have written many popular books - Collector's Encyclopedia of Hall China, Fenton Art Glass, 1907 - 1939, Fenton Art Glass Patterns, 1939 - 1980, Bedroom & Bathroom Glassware, and Children's Dishes. Their books are well-known in their fields. **AUTHORBIO:** Kenn Whitmyer and his wife, Margaret, have written many popular books - Collector's Encyclopedia of Hall China, Fenton Art Glass, 1907 - 1939, Fenton Art Glass Patterns, 1939 - 1980, Bedroom & Bathroom Glassware, and Children's Dishes. ## Customer Reviews

Love this book!! i have a collection I inherited and this book covers in detail more of the styles of the collections that Hall China produced.

i bought this for my mom for a Christmas gift, she has been collecting for years but when we are out looking we were always curious which ones were more valuable, or where they priced to high, and did the seller actually know what they're talking about, or just trying to sell us the item. now we know and we LOVE it! we take it with us when we are antiquing and it has been a blast to have! well worth the money. We were slightly disappointing at first because we didn't realize how many different kinds of dishes Hall made and thought this book was just the autumn leaf design, which it is not, but after reading and using the book, we are glad it shows all the different items! it is also very easy to read, and shows the prices for the condition. i would recommend this to people who are beginning to collect, or are looking to sell their pieces!

Very informative. Large detailed pictures and most of the patterns are listed. The pricing is off but it tells you about the rarity of various patterns and dating on when the items were being produced. Nice book for collectors to reference their collection.

This is an excellent reference...the pictures are beautiful and there is a very complete display of the entire product line. The pricing of the individual items is representative of the prices you will find on ebay and will give you a jumping off place when shopping in antique and consignment shops. I really came away much more informed after spending a few hours reviewing it.

This is a great book. It has almost 300 pages of photos and illustrations of the popular collectable pottery made by Hall China of East Liverpool, Ohio. The Whitmyers give us a history of the pottery, a chart of color swatches to use to compare to our collectibles, and an extensive treatment of the various patterns and styles made over the years. They cover the various dinnerware patterns: Ruffled D-Shape, C&D-Shape, E-Shape, the classic Eva Zeisel Shapes, and the Century & Tomorrow's Classic Dinnerware. They cover the kitchenware patterns, the refrigerator ware, the teapots and coffee pots, other products like the punch sets, and shed some light on re-issues and

new products. All in all this is an exhaustively thorough reference work, valuable for all, from dealer to novice. If you love collecting Hall China, don't hesitate to buy this book!

could use more accurate measurements on some of the Autumn Leaf products

It provided the info I was seeking in my research on the autumn leaf dishes

Published in 2001 this volume is well organized by subject and is teeming with beautiful photographs.....a definite asset to my very small HallsChina Co. collection.
