Game Of Thrones: The Book Of White Walkers

Synopsis

Full of daring theories and fascinating tales from the world of Ice and Fire, Game of Thrones: The Book of White Walkers delves deep into the most riveting aspects of White Walkers - who they are, where they came from and where they are going. How did the First Men cross the Narrow Sea, habitat of the Children of the Forest, and how did the war of technology and magic unleash the White Walkers? Was it really Bran the Builder who constructed the Wall and what horror lies underneath it? And is the Wall truly the permanent structure fans perceive it to be, or will it be razed through one of the many ways hinted at in the books? Finally, can White Walkers be truly defeated, and if so, how? A perfect gift for fans of the TV show as well as the book series, Game of Thrones: The Book of White Walkers serves as both an introduction and an accompaniment to the existing media. If you want to find out how the World of Ice and Fire came to be or what might happen next, this is the place to start!

Customer Reviews

Book only repeated things that were in the Books published to Date and in the HBO Series.

well its like a fast reminder for the fan before the show start .

Bad editing!

This is, by far, one of the worst books I have ever seen published.1. Grammatical errors throughout the entire book2. Referring to characters incorrectly3. No cohesive flow from one chapter to the next, the book refers to itself as an e-book4. Theories are not backed up with sufficient evidenceI do not recommend this book to anyone, I believe this should be pulled from publication and CraftWrite Publishing should reimburse every single customer who purchased this sorry excuse for a book.

Not the novel. Showed up in the novel search. I'm salty.

Really enjoyed the book, I enjoy reading Game of Throne books and this one is a great read. I like a song of fire and ice and this book has opened up a lot of insights into Game of Thrones for me.

I just love game of thrones series. This book helps so much to learn more about the White Walkers, I finally get the full picture :)

This is a waste of time. Not only does this book not tell you anything you wouldn't know by reading the books or watching the series, it's filled with spelling and grammatical errors that make it difficult to surmise what's actually being said. Don't waste your money reading someone who can't be bothered to proofread or even keep the gender straight of the character being discussed.
