Developments In Russian Politics 8

Synopsis

In *Developments in Russian Politics 8*, leading experts provide a broad-ranging assessment of Putin's third term in power. All essays are either new or comprehensively rewritten for this volume, and cover executive power, parliamentary politics, the electoral process, the rule of law, foreign policy, the economy, and the military. They also address matters concerning Russia's media and political communication in the digital age; society and social divisions; protest and challenge; and future trajectories for Russian politics. *Developments in Russian Politics* remains the first-choice introduction to the politics of the world's largest nation. Contributors: Vladimir Gel'man, Henry E. Hale, Philip Hanson, Kathryn Hendley, Margot Light, Jennifer Mathers, Ian McAllister, Sarah Oates, Thomas F. Remington, Graeme Robertson, Richard Sakwa, Darrell Slider, Svetlana Stephenson, Stephen White, John P. Willerton

Customer Reviews

"This book is the most useful compendium for teaching contemporary Russian politics currently on the market. Recommended." (P. Rutland Choice 2015-04-01)"An impressive collection of prominent scholars provide detailed analyses of the critical institutions that comprise the Russian state, the wider relationships between the Russian state and its citizens, and specific policy formulations regarding the economy, foreign relations, defense, and security.... It will be appealing to anyone searching for a relatively crisp, yet extensive account of Russia's incomplete and contradictory process of political and economic reform since the collapse of the

Soviet Union, with a focus on the Putin era. As such, it would serve as an excellent foundational text for a Russian politics course." (Sarah Henderson Slavic Review 2016-07-01)

Reviews of previous editions:"Superbly researched and exceedingly well written... this is a very timely and useful collection suitable for beginners and advanced scholars... a must-have for all those interested in modern Russia; overall an excellent book." - Diana Digol, Europe-Asia Studies"[Like] its predecessors, provides a clear and up-to-date overview of the politics of Russia... This is a very fine collection... The chapters in this book manage to convey the complexity and uncertainty of the current situation in Russia, but in a reasonably illuminating way." - Mike Bowker, Democratization"[A]dmirably accessible... a must-have for all those interested in contemporary Russia... Each of the book's...chapters provides a treasure trove of current data." - John Murray, Political Studies --This text refers to an out of print or unavailable edition of this title.
