Intermediate Algebra (7th Edition)

Synopsis

For courses in intermediate algebra. \hat{A} \hat{A} Every student can succeed. Elayn Martin-Gay's developmental math textbooks and video resources are motivated by her firm belief that every student can succeed. Martin-Gay's focus on the student shapes her clear, accessible writing, inspires her constant pedagogical innovations, and contributes to the popularity and effectiveness of her video resources. This revision of Martin-Gay's algebra series continues her focus on students and what they need to be successful. \hat{A} \hat{A} Also available with MyMathLab MyMathLab \hat{A} \hat{A} ® is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them absorb course material and understand difficult concepts. \hat{A} \hat{A} Note: You are purchasing a standalone product; MyMathLab does not come packaged with this content. Students, if interested in purchasing this title with MyMathLab, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. \hat{A} \hat{A} If you would like to purchase both the physical text and MyMathLab, search for: 9780134197210 Intermediate Algebra plus MyMathLab Student Access Kit, 7/e This package contains: 9780321654069 MyMathLab Inside Star Sticker, 1/E 9780134196176 Intermediate Algebra, 7/E 9780321431301 MyMathLab -- Glue-in Access Card, 2/E \hat{A} \hat{A}

Customer Reviews

Elayn Martin-Gay has taught mathematics at the University of New Orleans for more than 25 years.

Her numerous teaching awards include the local University Alumni Association's Award for Excellence in Teaching, and Outstanding Developmental Educator at University of New Orleans, presented by the Louisiana Association of Developmental Educators. Prior to writing textbooks, Elayn Martin-Gay developed an acclaimed series of lecture videos to support developmental mathematics students. These highly successful videos originally served as the foundation materials for her texts. Today, the videos are specific to each book in her series. She has also created Chapter Test Prep Videos to help students during their most "teachable moment" as they prepare for a test. Along with Instructor-to-Instructor videos that provide teaching tips, hints, and suggestions for every developmental mathematics course, including basic mathematics, prealgebra, beginning algebra, and intermediate algebra. Elayn is the author of 12 published textbooks and numerous multimedia interactive products, all specializing in developmental mathematics courses. She has also published series in Algebra 1, Algebra 2, and Geometry. She has participated as an author across a broad range of educational materials: textbooks, videos, tutorial software, and courseware. This offers an opportunity for multiple combinations for an integrated teaching and learning package, offering great consistency for the student.

good book

Great product fast shipping

An excellent textbook.

I bought this for a college algebra course that I am taking. It was brand new, no tears in the pages, the spine was in mint condition, and there were no signs of wear and tear. Vibrant colors throughout the book, no pencil marks or highlighting, and no bends in the cover. I highly recothis product for anyone in school.

Honestly, don't buy this book your teacher will never open it and it's basic stuff.

I liked the product because it was in great conditions.

Book was in okay shape, received it today, but not that great at all! Thank goodness it is just a

rental!

Thanks
